

ClimeCo Announces Addition of Steve Mawer to Board of Directors

July 25, 2017 (BOYERTOWN, PA) – ClimeCo Corporation (ClimeCo) announces the exciting addition of Mr. Steve Mawer to the Corporation’s Board of Directors effective immediately. Mr. Steve Mawer will serve on the Board of Directors of ClimeCo Corporation, and join a team of well-known experts who advise, develop and execute innovative market strategies and client-centered solutions in environmental markets.

Mr. Mawer retired as President of Koch Supply & Trading in 2014 following a 27-year career in commodities trading and provision of risk management services. While at Koch, Steve led global commodities trading and served as a senior member of the Koch Industries management team. During his 18-year career at Koch, Steve successfully managed and grew businesses engaged in the trading of environmental products, energy products, including biofuels, as well as other commodities such as base metals and shipping.

In addition to participating in a number of philanthropic activities in his community, Mr. Mawer currently serves as a member of the board of directors at Zenith Energy Management, an international midstream company and is an independent director of the General Partner of Calumet Specialty Products LP (CLMT), a NASDAQ listed partnership, which is a leading independent producer of high quality specialty petroleum products. Steve also holds both Bachelor of Science and Master of Science degrees in Chemical Engineering from the University of Cambridge, England.

“Mr. Mawer’s addition represents an important milestone within ClimeCo’s strategy for continued growth and innovative market leadership,” commented ClimeCo Corporation President and CEO, Bill Flederbach. “Steve joining our Board is a real testament to our reputation and brand and our platform for significant growth in the years ahead. I have personally witnessed Steve’s technical expertise and his stellar industry reputation from his time leading Koch Supply & Trading. I see his addition as extremely positive to continue our focus on long-term partnerships.”

ClimeCo Corporation is a respected project developer, advisor and trader of environmental commodity market products. Specialized expertise in regional criteria pollutant trading programs, California cap-and-trade, voluntary markets and project development and financing of internal CO₂ abatement systems complement ClimeCo’s diverse commodity portfolio. Within the Climate Action Reserve, ClimeCo is the largest developer of U.S. GHG-offset projects and producer of U.S. voluntary carbon offsets, managing projects that reduce more than four million tonnes of CO₂e per year. **For information, contact (484) 415-0501 or jcantono@climeco.com.**
