ClimeCo Promotes Steve Mawer to Chairman of the Board

August 22, 2018 (BOYERTOWN, PA) – ClimeCo is pleased to announce the promotion of Steve Mawer as our new Chairman of the Board. Mr. Mawer has 27 years' experience in commodities trading and risk management with Koch Supply & Trading and has served on ClimeCo's board for over a year.

"Steve will provide stronger leadership and governance at the board level," says Bill Flederbach, President & CEO of ClimeCo. "He will also be at the forefront when it comes to better serving our customers."

Mr. Mawer is experienced in serving on and consulting to several company boards. He has a successful history in commodities trading, oil and energy industries, environmental services, energy and risk management and corporate governances. Mr. Mawer has a Master's in Chemical Engineering from the University of Cambridge.

"Bill and the ClimeCo team are leaders in the environmental commodities industry, in both knowledge and professionalism," says Steve Mawer. "We are at a very exciting time in ClimeCo's history and it is a privilege for me to be a part of it. We are lucky to be experiencing such strong growth and many exciting opportunities in our pipeline."

ClimeCo is a leader in the management and development of environmental commodities. We combine unrivaled commodity market expertise with engineering and environmental assessment, permitting and transaction structuring to help clients maximize their environmental assets and minimize their regulatory costs.

From advisory services to offset sourcing, carbon trading and project development, we provide comprehensive, vertically integrated solutions to help reduce our customers' environmental impact—whether they are responding to emissions regulations or satisfying voluntary sustainability goals. Visit us at www.climeco.com.
